

420 Queen Street

UNIT ENTRY FIRE DOORS ANNUAL INSPECTION

Tuesday 22th to Thursday 24th February 2022

Dear Everyone,

Our annual Fire Door (Unit entry doors) inspection will occur in Aurora on the above dates

This is a mandatory inspection of ALL unit entry doors, with individual doors only needing a brief “1 minute” inspection to ensure they meet Fire standard.

This will require a technician to open and close your entry door. They do not need to enter your unit more than the width of the entry door.

Technicians will be inspecting unit doors as part of their Preventative Maintenance from 8am – 4pm daily

If you have a special lock on your door, to arrange entry time - please contact Chris (Facilities Manager) on 0447 903 007 or email – maintaurora@theoaksgroup.com.au

**Kind Regards,
Building Management**
